WRIGHT HELD CRAZY BY JURY; RED LIGHT LAW IS INVOKED

S. M. WRIGHT WAS INSANE A CORONER'S JURY FINDS

The final chapter was written in the Wright double tragedy last night when a coroner's jury impaneled by Coroner Charles F. Donnelly reached findings that bar any further legal proceedings.

Act of Crazy Man
The jury found that in the case of Mrs. Emily Wright, death was due to a gunshot wound through the head, inflicted by her husband, Samuel M. Wright, during a fit of temporary insanity.

In the case of Samuel M. Wright, the jury found that death was due to a gunshot wound self-inflicted during a fit of temporary insanity. Eleven witnesses were examined. The line of investigation was more or less perfunctory and provoked no phases not heretofore covered in these columns.

Curtain Is Drawn
Thus does the legal formality drape the curtain about a tragic ensemble and climax which shocked thousands of people as they gleaned the news over their Sunday morning breakfast of one of the most distressing tragedies in the history of Richmond.

General sympathy is voiced for Lawrence Wright, the 14-year-old son. The remains of Samuel M. Wright have been shipped to Fresno for interment.

H. Wells. The company's mill plant is located at Bay Point. Change in name followed recent reorganization of the company and floating of a \$7,000,000 bond issue. The company is incorporated under the laws of Delaware.

RANCHER HAD HEART FAILURE

Freaky, Fanciful Items Gleaned From Day's News

Boy Dies When He Eats Tobacco

NEW YORK, Feb. 15.—Nicotine poisoning from crubs of tobacco which had lain for two years in the pocket of a discarded coat, caused the death of five-year-old Charles Rensen, an analysis made by Dr. A. O. Götter of the medical examiner's staff disclosed.

While visiting relatives in Hancock, N. Y., and rummaging through the pockets of an old coat, the boy picked grains of tobacco out of a pocket in which cigars had been carried and ate them. Two hours afterward he was taken ill and the next morning his body became covered with peculiar black spots. Physicians were puzzled by the unusual ailment and were unable to aid him.

Techau Tavern Will Become Candy Store

Techau Tavern, Powell and Geary streets, San Francisco, for twenty-one years, the gathering place of bon vivants, has been unable to survive prohibition and high rent, so will close its doors Saturday night.

When "Techau's," as the famous restaurant is familiarly known throughout the country, reopens it will retain its name, but its business will be catering to the light lunch, candy and ice cream soda trade. The dance floor will be missing.

ASSESSMENT OF RICHMOND REALTY TO BE PROBED TODAY

The question of Richmond's Assessments will be discussed this morning at 10 o'clock when committees appointed by the Richmond Industrial Commission and the Richmond Realty Board meet with County Assessor George O. Meese in the offices of the Contra Costa Realty Company.

There is no subject of more vital importance to the city as a whole than this very pressing one which has been the occasion of controversial articles and speeches for some time past.

County Assessor Meese has made it convenient to come here from Martinez and go thoroughly into the theme with the following committees: E. H. Kueffer, Frank Gardner, H. A. Johnston, M. A. Hays and W. J. Richards, Jr., for the Realty Board; and H. G. Stidham, Mrs. Tillie Brown, Harry Ellis, Harry W. Wernse and George S. Wall for the Richmond Industrial Commission.

DOMESTIC SCIENCE JUNIOR CLUB THEME

Although the crowd was not as large as usual due to the weather conditions and the sickness of many of the members, the meeting of the Junior Richmond Club was an enthusiastic one yesterday afternoon. "Domestic Science" was the subject of the program of the day and Miss Carmel Wilson conducted the meeting in the absence of Miss Grace Lufkin. Many excellent recipes were given to the assembled members.

Next Friday there will be a special meeting of the Club at 4 o'clock and all members are urged to attend. Arrangements for the dance to be given on March 4th will come up for discussion.

Roll Call of Wesley Ladies Aid Big Affair

Eighty members answered present at the roll call given by the Ladies' Aid of Wesley Methodist church in the church parlors yesterday afternoon at 2:30.

The church had been converted into a bright and colorful picture by the employment of the prevailing Valentine hues.

An interesting program was given and the time allotted, two hours and a half, seemed too brief in which to dispose of much important business and also to enjoy the program.

"Theology in Negro Quarters," given by Mrs. F. C. Stambach, delighted the audience. Mesdames Paul Little, A. Stribley and Burke Calfee gave a vocal trio that pleased, and Rev. and Mrs. Paul Little sang a charming duet, entitled "Like A Shepherd." Mrs. J. W. Mills, of Boise, Idaho, gave two interesting readings, "Prophet" and "Wonderlist." Mrs. Mills is the house guest of her niece, Mrs. T. N. Calfee.

"Absent," sung by Mrs. Rose Calfee, provoked applause, but no encore was given because of the fullness of the program.

Miss Florence Little was the accompanist for the afternoon. Delightful refreshments were served in the basement dining room.

Mrs. J. H. Chandler, president, was elated at the successful program, and gives large credit to the committee, composed of Mrs. W. F. Downing, chairman; Mrs. W. F. Scott, Mrs. A. Stribley, and Mrs. C. E. Marshall.

The invocation and the benediction were given by the pastor, Rev. Paul Little.

Marshall; gentlemen's first, Sylvester Rosier; consolation, M. R. Terry.

Many beautiful gifts were presented to Mrs. Rosier and Mr. and Mrs. Woodward and delicious refreshments were served at a late hour. Mrs. Rosier is one of the prominent women of the city and is president of the Richmond Civic Center Club and state auditor of the War Mothers.

It is reported that about 20 acres will be filled in at this time, the remainder to be given attention after the federal government shall have closed the sloughs at the tract's southern end.

The Record-Herald is gratified to see frequently recurring evidences of work which it has prophesied going forward.

Schools At Co. Seat May Close; Much Sickness

The possibility of the Martinez high school closing for several days, as the result of the illness of three members of the faculty, including Prof. M. H. Rowell and nearly a score of the students, became evident on Wednesday.

Prof. Rowell was taken ill several days ago and has been confined to his home. Tuesday two more teachers were taken ill and could not attend school. It is also reported that about twenty students are out at the present time.

It is stated that most of those who are sick at the present time are suffering from severe colds and influenza.

Ball Chatter For Twilight League Fans

French and Garvin ought to begin to tell the fans something about the Twilight League's prospects. C. R. Dolan, who did some brilliant pitching in the Standard Oil league last year, not being charged up as "losing pitcher" in any game and having shown his prowess as outfielder, as well, informed the Record-Herald that he expects to play with the Refiners this year.

Dolan also will pitch on Sundays in one of the San Joaquin Valley towns. He now is considering tentative offers from Visalia and Coalinga.

Rod Allen

Fans always had a hand for Rod Allen, a clean, upstanding player who holds first base for the Barrel House. He is reported to be physically fit. It will be remembered that Allen smashed his knee cap in a game last summer.

The Skipper and Artie

Skipper Roberts and Artie Schimpf are two more players that can get a hand anywhere. And they get it by deserving it. Fans here will hope to see them in the game this year. Johnny Garvin told the writer at the Elks' Club a few nights ago that the Twilight League will get in operation at the usual time, barring some unforeseen happening.

Dietrich Will Be Ready

Joe Dietrich, scorer par excellence, says he is ready to take his place in the little cage and mark up hits and errors. (But just between us, Dietrich had rather have a tooth pulled than give a clean ball player an error.)

Stolle and That Dog

Stolle, bland and imperturbable umpire, has purchased a new whisk broom, and stands ready to lick any guy that asks him again, "Stolle, where is your dog?"

You know, Stolle is supposed to reply, "I haven't got a dog," and then the cruel wit says "You are the first blind man I ever saw that didn't have a dog."

But Stolle is a good umpire and a gentleman.

They are the special ward of the Royal Arch Masons of this city, and by virtue of their membership enjoy manifold privileges which are a benison in the life of a normal youth.

Recently they were entertained as honor guests by the Eastern Star here.

MEN, WOMEN ARE ACCUSED BY TINNING UNDER ACT

Suits to close two Pittsburg establishments under the redlight abatement act were filed at Martinez yesterday by District Attorney A. B. Tinning against Alfonso Sangimoni and Francis Cardinalli. Several women are named as co-defendants with Sangimoni and Dan Wagner is named as a defendant in the action instituted against Cardinalli. The district attorney asks issuance of an injunction by Superior Court closing both establishments for the year.

Coincident with the filing of the suits Hazel Price, alleged to have frequented Sangimoni's place, was arrested by Constable Oscar Olson on charge of residing in a house of ill fame.

In his suit the district attorney alleges that both places named in the suits were conducted as blind pigs and houses of ill fame. Time for hearing on a preliminary injunction, asked by the district attorney, has not been fixed. Time of trial of Hazel Price also remains to be set.

Cheer Carried To Sick Soldiers By War Mothers Here

Their visits to the sick and wounded boys is an incident to which the poor fellows look forward with patience.

Those who went yesterday were Mrs. Kate Cole, Mrs. E. Nesbitt and Mrs. Mary D. Brown.

THEORY BEAUTIFUL, PRACTICE BUNK

Detroit and Omaha are now to try out some more public ownership schemes, as applied to street railways, gas and ice. It may pan out all right, but probably won't. Occasionally that sort of Socialist experiment fares fairly well, in which case it is the exception to the rule; usually it costs the taxpayers double what it would have cost them under private ownership. The theory is very beautiful, as are all Socialist theories, but when put into practice they fail, and fall with the famous dull, sickening thud. Russia is a living example. Every result that everything so put to has gone to the bad and the people are starving to death. It always costs government five times as much to do anything as it does individuals, owing to political graft. As soon as government takes over any enterprise or industry, it gives political hangers-on jobs doing it to every one that is needed. This is the people's fault—they insist upon having the jobs. Most people are lazy and looking for soft jobs with high salary attachments. Our Government ran the railroads during the war, and we are all paying taxes on the hundreds of millions deficit today.

The labor unions expect to get control of London soon and put most everything under municipal control, including bread, meat, light, heat, coal, power and dozens of other things. It will fail, just as it has in Russia. The people, as a bulk and mass, are not capable of transacting business. As a mass they are not even as honest as corporations are, and they also lack the necessary brains. Some day when they get more education and brains they will do better and accomplish something, but as yet, as a mass, they are a great big nothing. They roar at the high price of bread and milk, yet insist upon drivers of milk wagons being paid forty to fifty dollars a week, nearly twice what an educated teacher or professor gets. That sort of thing simply can't be done. It is impossible. Nobody ever lifted himself over the fence by the bootstraps yet, yet the people as a mass, think they can do that very thing. They have another think coming.

They walk beneath a ladder,
Without becoming sadder;
They sit thirteen at a table
As often as they're able.
Who do? Who do?
Maybe you do. Fools do.
Trifle not with a hoodoo.

That movie picture geek, Taylor, who was shot, was receiving twelve hundred dollars a week salary. He used to work on a Kansas farm for thirty dollars a month. Fatty Arbuckle got \$700 a week. As bar boy he used to get \$15 a week. As long as the movie corporations encourage their hirelings to burn up money like European war-lords, what else can be expected other than scandal and degeneration?

Billy Sunday charges that women no longer want to have children. Billy's mission is to keep people out of hell and not to direct breeding. The people are ruining the rabbits a pretty close race as to increase, which is enough. We need quality worse than we do quantity.

Moviedom roars lustily over recent public condemnation of the profligacy of many of its high-salaried members, but we do not notice it demanding a cleanup of the same.

Dr. Stanton, of a Philadelphia Ministerial Association, says angels converse with each other and with men by telepathy. How nice! And pray how does it come he knows so much more than anybody else? One is born every minute.

Which kills the most men, war or liquor? Both are bad, but probably one might better be full of booze than bullets.

One man who wanted to live a hundred years was asked about his habits, and stated that he did not smoke, chew, drink, gamble or chase any chickens. Then, said the questioner, "what in heaven's name do you want to live for?"

THE DAMNATION OF DRINK

The liquor problem is about as hard to solve as the social evil problem, and both of them puzzle the best and brightest intellects of the world. Both have got to be solved, however, and the day is not so far distant as it used to be. Great problems are being solved by the American people, just as great as the liquor and social evil stains upon our manhood and womanhood, and that American manhood and womanhood is great enough and grand enough, to throttle those twin snakes in due time. The man who drinks whisky may not be a fool, but he is foolish, and if he keeps it up he will be a fool, and in not a very long time, either. The man who sells it deserves to have the finger of shame forever pointing at him, for there is no earthly excuse for his doing it, except the very poor excuse that he is willing to surrender to the vilest part of his fellow man's nature for a cash consideration.

The man who breaks the Sixth Commandment is likewise foolish, for there is no more reason or sense in committing adultery than there is in filling one's hide up with alcohol until the brain is cooked and the world become a bleared and blotchy hell on wheels. We are all familiar with the excuse given for this latter weakness, and we all know that the excuses are weak as mud and as nature, which concoct them, they are as full of fallacy as the alleged remedy is full of heartaches, or as whisky is full of snakes and other slimy, crawling things.

There is no valid excuse for the existence of the drunkard or the "rounder," or for the man who with music and dance deals out the damnation in doses large or small. There is no more excuse for the man who is devoid of chastity than there is for the woman who becomes a harlot and harpie. Any man who does things he would not want his wife, mother or his sister to do, should be branded with the hot seal of public disapproval. Shame on the millions tottering downward on those twin foal roads of ruin! Shame on the liquid hellfire that eats away the brain! Shame upon a lack of manhood that panders to a despicable lust with a gauzy makeshift of a double standard of morals, one for the woman and the other to hug to its own shriveled heart and shrunken soul!

We have taken a good many pills of one kind and another in a long and tumultuous career, but never wrote any testimonials about them.

The Greeks and Turks are still overthrowing each other, with the same degree of success that Hearst obtains overthrowing the established order of things mundane.

Several rich and prominent ladies of the effete and cultured East favor women wearing no hats at all. As Easter is coming on apace, we second the motion.

Now that the country has refused to go to the damnation how-wows, Hearst, Brisbane and Wells must feel terribly disappointed.

Some of those windjamming Congressmen had better be bailing hay while the sun shines, for next fall there is going to be a big political storm blow down the chimney.

One state legislator has a bill to make public officials stay on their jobs and attend to the business of the state. What! Make politicians and office-holders earn their wages? G'wan! It can't be done.

Mrs. Carrie Chapman Catt keeps right on reiterating that women must and shall wear pants. Ah, put on the soft pedal! The women of Turkey and China have worn pants for thousands of years, and never got anywhere yet. Pants ain't so much! We know, 'cause we've worn 'em a long time ourself.

The Rockefeller Foundation, endowed with hundreds of millions, has done much good curing hookworm. It ought to feed some of that dope to Congress.

Young Bernie Wefers Who Promises To Equal Famous Father's Prowess

B. D. Wefers, son of the famous Bernie Wefers who once had a regular habit of breaking records, gives promise of equalling his father's record on the track. Young Wefers, Metropolitan champion at 60, 70, 100 and 200 yards, has been training daily at Madison Square Garden for the big indoor track meet to be held there and has been showing Metropolitan champion at 60, 70, speed in his trials.

Queries and Answers On Subject Of the Federal Income Law

By NELSON G. WELBURN
Federal Law Advisor and Income Tax Expert, Offices with T. H. Deap, First National Bank Bldg.

(Questions on the Income Tax addressed to Nelson G. Welburn, care of the Richmond Record-Herald, will be given prompt and careful attention.)
Q. If a person entered into a contract in 1921 which will not be completed until a year later, and which requires him to make expenditures for material and labor, provide for possible losses, etc., must he include the advance payments he received in 1921 in his return for that year?—J. K.

A. Persons engaged in contracting operations who have uncompleted contracts, in some cases, perhaps, running for periods of several years, will be allowed to prepare their returns so that the gross income will be arrived at on the basis of completed work; that is, on jobs which have been finally completed, and all moneys received in payment will be returned as income for the year in which the work was completed. If the gross income is arrived at by this method, the deduction from gross income should be limited to the expenditures made on account of such completed contracts. Or the percentage of profit from the contract may be estimated on the basis of percentage of completion, in which case the income to be returned each year during the performance of the contract will be computed upon the basis of the expenses incurred on such contract during the year; that is to say, if one-half of the estimated expenses necessary to the full performance of the contract are incurred during the year, one-half of the gross contract price should be returned as income for that year. Upon the completion of a contract if it is found that, as a result of such estimate or apportionment, the income of any year or years has been over-stated or under-stated, the taxpayer should file amended returns for such year or years.

Q. Special payments, designated as "Bonuses," are often made to officers and employees of corporations, firms and individuals. Are such items of income subject to tax in the hands of recipients?—M. L.

A. Any bonus or other item of compensation paid to an employee in addition to his regular salary of wage under a contract, express or implied, is additional compensation for services rendered, and enthu-

siasm in the discharge or as a stimulus to further zeal as a reward for past endeavors, or his duties, is held to constitute taxable income, which should be reported as such in the employee's return rendered for the year during which received.

Q. If I employ a minor son or daughter to assist me in my business or trade and I pay a reasonable salary or wage for such assistance, may I claim the amount as a deduction?—L. J.

A. No; M. however, the son or daughter has attained his or her majority, or has been emancipated, the amount of compensation paid for his or her services may be so claimed.

The stretch of road from the Santa Fe bridge to the Southern Pacific station in Pinole is badly in need of repair. A machine was observed to run into one of these ruts so deeply that the axle was dragging on the ground.

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even heavy itching eczema is dried right up.

RODEO

Lake Avenue To Be Improved

It is understood that work will be going forward in a few weeks on Lake avenue. The property owners on the street have been for some time inconvenienced by the bad condition of the street which has never been more than a dirt road, and which in summer is dry and powdery, and in winter is a mud hole. Wagons or machines which pass are either dug in the mud or slip so badly from side to side as to make driving dangerous. It is a good thing to see the town being so progressive in this matter.

N. Y. Detectives' Slayer Arraigned in Philadelphia after 84-Hour Flight

This photograph, made in Central Police court, Philadelphia, shows Luther Boddy, youthful negro "bad man" who shot and killed two New York City detectives. He was captured in bed in a rooming house by Philadelphia's only negro Magistrate and a policeman after a flight which lasted four nights and three days. During this time the police of three states, New York, New Jersey and Pennsylvania as well as armed possees were on his trail. Most of the time he was disguised in woman's clothing and a wig.

Color Note Makes Girl Beautiful

"Why, Estelle, I never saw you looking so well. My dear, you are adorable in that sort of pinkish sweater and that gray skirt with the same color stripe in it. That surely is your color. What is it anyway?"

"Why, old dear, I call it coral, but it may be something else. It is a beauty, isn't it? I found this stunning skirt at 515 13th street, and then I got the sweater to match and now I want a cute little hat and am going to get it, too."

"Say, you are a regular spend-thrift getting all those lovely things at the same time. Tell me how you do it. I want some clothes, too."

"Sure, I'll tell you how. Don't you know what 515 13th street means? It means Cherry's, and it also means you can buy on credit. I paid just a small amount down and will finish paying for the others a little each month. By the way, they told me that I did not have to pay anything down for the next 30 days."

Cherry's store for men is at 528 13th street.—Advertisement.

GIRLS! LEMONS

WHITEN HANDS

Press the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate

Beautiful Betty Compson Tops Bill At T. & D. Theater

A picturization of James M. Barrie's famous novel and play, "The Little Minister," starring beautiful Betty Compson, will be seen at the Richmond T. & D. Theater today. This is a superb production directed with infinite taste by Penrhyn Stanlaws, and presents the charming star in the role made famous upon the stage by Maud Adams, the role of Lady Babbie. The production is praiseworthy in every particular and is certain to enthrall all those fortunate enough to see it. It is a type of story of the fine, clean and wholesome plays that are so much desired. It presents a story of a town that was all upset till a gypsy girl came and upset it some more. Barrie presents this story charmingly and eloquently. He pictures the snug village of Pirrama with its stern, religious people. It is a play that has been enshrined in the hearts of millions. Its love, charm and thrilling events are perfectly recorded upon the screen.

Other features of the bill are a Torchy comedy and T. & D. News.

Report Many Cases Of Rheumatism Now

Says we must keep feet dry; avoid exposure and eat less meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

Warren Harding And Jackie Coogan Get Mail Marked U.S.A.

If you address an envelope merely "Warren G. Harding" it will be delivered without any trouble or delay to the proper individual.

And if you write "Jackie Coogan," and nothing else, on an envelope, it will also be delivered correctly.

That is contrast for you—the president of the United States and a six-year-old-boy on practically similar terms of fame.

And in thousands of cases that is all there is on the envelopes that bring messages to the little movie star from every part of the country, for, in most instances, their writers are little chaps of about his own age, and unaware of his address. All they know is that they have seen him on the screen, have taken him for a kindred soul and have gone to the trouble—considerable trouble for most of them—of telling him how much they think of him.

And if it is possible to address Santa Claus without any address, why not Jackie Coogan? That probably, is their line of reasoning. Like most other stars, Jackie gets countless letters every week, but it is seldom that he sees them or knows what is in them. Sometimes they are of such a type that his parents deem it proper to read them to Jackie, but they withhold any which try to make an idol of him, for they figure that the time will come soon enough when they will be unable to protect him from flattery and unlimited praise.

Little Jackie's next picture—and incidentally the best thing he has ever done—is "My Boy," an Asso-

GIVE FONG WAN HERBS CREDIT FOR HIS LIFE

WHITIE, Cal. Nov. 14, 1921. It affords me much pleasure to express my approval of the FONG WAN HERB CO. I suffered from liver and stomach for twenty years. After X-ray and other examinations medical physicians pronounced me a surgical case. They declared that a surgical operation would remove the seat of my trouble. They said the operation would consist of removing the duodenal ulcer, appendix and gall bladder; also that there would have to be a pyloric operation. Dreading the operating table I took up treatment with the FONG WAN HERB CO., 548 Eighth St., Oakland. At that time I weighed but 110 pounds, my normal weight being 150 pounds. My condition in general was very weak. After three months' use of the herbs, I went to work handling lumber ten hours each day. Have not held the job fourteen months and have not lost a day on account of my old trouble. It is the first time I have been able to go longer than three months in twenty years without being sick in bed. I feel that I give the FONG WAN HERB TREATMENT credit for my life. My present weight is 160 pounds. IRA P. BUTLER.

From Berkeley

Mrs. R. H. Sense of the Home Department of the Berkeley Federation of Parent-Teachers Association, addressed the Washington Parent-Teachers Association yesterday and gave a most interesting address on the training of children throughout the plastic years in the duties of good citizenship. She referred to the influence made on the young mind by the discussion of prominent matters of the day in the presence of the sons and daughters of the home and the need for doing so intelligently. It is possible to guide the mind of youth into an intelligent way of understanding the important matters of community and national government and in so doing to train citizens who will be worth while in every way, and aim for the best things for the nation. More than ever at this time there is a crying need for intelligence in the ruling of the home community and the wider field of the country's government, and no better means of evolving good citizens can be found than by training the child from the early years. There was a large attendance yesterday and the afternoon was said to be one of the most interesting that the association has had for a long time.

Red carnations in a red-hued shaped basket formed the center piece, and the favors were small red baskets filled with candy. Comic valentines at each place caused no little merriment.

RICHMOND RAIL RATE HEARING

City Attorney H. J. Hall yesterday appeared in San Francisco in behalf of Richmond to formally protest to the Railroad Commission against the application of the Southern Pacific and Santa Fe to raise the commutation fare between Richmond and San Francisco from 34 cents to 60 cents.

Judge Hall brought out in cross examination the fact that the Southern Pacific sells about 2800 one-way tickets each month from Richmond to San Francisco; and that the Santa Fe sells about thirteen tickets daily.

The Southern Pacific also sell ten trip books.

Southern Pacific contended that Richmond is the only city in the Bay region enjoying such a cheap rate on one-way tickets to San Francisco.

No witnesses were examined for Richmond.

The testimony principally was that of traffic specialists of the two companies.

Silks and Rags
Mingle in Merry
Masquerade Party

Masked and unmasked, in dominoes, rags and tatters, silks satins velvets and calicoes, dancers crowded the floor of the hall last evening in Pythian Castle for the big masquerade ball given by Onetah Council, No. 96, Degree of Poanahontas, and the affair was in every way a huge success.

Many of the costumes were clever in the extreme, some were due an award for thrift in the use of material to accomplish an effect, and all produced a pleasing colorful picture as the dancers threaded the mazes of the different dances to the strains of Beola's orchestra.

The first prize went to Miss Warner of San Pablo for the best costume, the wearer representing an historical character carried out in rich blue velvet with silver trimmings and handsome blue plumes in the hair. Miss Myrtle Gray made a clever "Sis Hopkins" and the judges awarded her second prize. "Patches" was one of the graceful dancers of the evening, and Miss Eva Thorpe carried off the third award. Isaac McGuffin came next in the guise of a "Chinese" gentleman and a team of Red Cross Nurses in the persons of Mrs. R. T. Osborne and Mrs. Thomas Mosier were also prize winners. A handsome door prize fell to the lot of Miss Vera Donnelly.

At the end of the evening "Sis Hopkins" sustained her part and sang a song that brought much applause entitled "Heaven Protect the Working Girl."

The committee who arranged the details of this most successful evening consisted of Mrs. Mae Cunningham, Mrs. Ethel Beady and Miss Irene Donnemuth.

JUSTICE SHAW WILL RETIRE FROM SUPREME COURT BENCH

Lawyers and litigants and the general public of Richmond and Contra Costa county will be interested in learning that Chief Justice Lucien Shaw will not be a candidate to succeed himself.

From San Francisco it is stated that he has definitely decided on this course.

It was generally understood among politicians that when Justice Shaw was appointed to succeed Chief Justice Angellotti, resigned, that he would not seek election this year, but would retire from the bench "full of years and honors," as he has a competency to comfort his declining days. Yesterday he settled the matter.

Dizziness Is Annoying

As Many Richmond People Know
Too Well.

When the kidneys are weak, or disordered they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity at the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Richmond resident's statement:

Mrs. Emily M. Swin, 548 N. Ninth St., says: "About two years ago my kidneys were in awful bad condition. My back and limbs ached constantly. The least move I made caused intense pain. Headaches almost drove me frantic. My head whirled with dizziness and spots floated before my eyes. My limbs were swollen badly and the action of my kidneys was frequent. I read of Doan's Kidney Pills and used them. They helped me right away and soon cured me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Swin had. Foster-McLara Co., Buffalo, N. Y.

Nasty Day All Over Town Here

Yesterday was one of those nasty ones wherein is blended the breath of Decem, the humidity of Louisiana and the stickiness of a pot of library paste.

"A good day for Tom and Jerry," said the old folk.

"The kind of a day a married man beats his wife," the bachelor asserted.

"Topping tea weather," tittered the English cousin.

"Good weather for ducks," said 'Gene Trux, secretary of the Elks' Club.

Clothing merchants and other tradesmen along the avenue found sales in raincoats and rubbers "looking up."

The druggists were getting ready to do a big business in cough drops and other cold-chasers.

It truly was a nasty day.

And got worse during the night.

CLOTHES! CLOTHES! OLD CLOTHES!

"The hills of the field" figure of speech taken from the sermon on the Mount is ideal to point to a moral, and is a graceful line to adorn a tale.

But there are many fellows in Richmond and its environs who can appreciate the virtues of a good warm suit of clothes right now more than they can the verbal gems that were prompted by the tender heart of the Master when He exhorted the multitude.

This same sermonizer taught his disciples that charity is the greatest of all human virtues.

Richmond Elks believe this.

On March 7 they believe that there will be a thousand dollars' worth of comfortable, wearable old clothes brought in by the boys who know that "it is more blessed to give than to receive."

A big box is being placed at the head of the stairs in the Elks Club, and every Bill that belongs here or that affiliates with the local herd is expected to do his full duty as an Elk. This means that there will be coats, trousers, overcoats, sweaters and other garments brought as free will offerings to the fellows who may be "down but never out."

The committee is composed of Johnny Garvin, chairman; D. F. Stuart, I. E. Santoro, George Valencia and H. J. Hennessey. Bert Stuart is purveyor of publicity.

Court Progress Foresters Of America Install

Grand Chief Ranger Felix Gross of San Francisco paid an official visit to Court Progress No. 240, Foresters of America, last evening, accompanied by the officers of the Grand Court. A large body of delegates from San Francisco and Oakland were present at the meeting, which was very well attended and an enthusiastic one.

Officers of the court were installed with impressive ceremony and Mrs. A. C. King, chief ranger; Charles Cook, past chief ranger; Joseph Baker, deputy ranger; A. C. Noyert, senior warden; Joe LaMancusa, junior warden; H. L. Springer, secretary; William Munter, recording secretary; Max Michaels, treasurer; P. T. Duffy, lecturer; C. T. Jones, senior beadle; A. Rodas, junior beadle; John Deary, trustee.

Ways and means were discussed for bringing an organizer to Richmond to call on all old members of the Court and to increase the membership.

Grandma Never Let Her Hair Get Gray

Keep her locks youthful, dark and glossy with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyneth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyneth's Sage and Sulphur Compound, and look years younger.

FOREIGN WAR VETS ORGANIZED

About sixty-five veterans last night assembled at the City Hall to sign the charter for a post of Veterans of Foreign Wars, and to enjoy the entertainment that had been provided.

Old timers who had chased Moros in the Philippines, and doughty doughboys that lay in mud and smelled gas and dodged shrapnel in Flanders, mingled together and told tales of the wars they had helped to win.

There was some "close harmony" heard when the boys blended their bass, tenor and baritone voices in good old war songs.

A generous supper was served. The "show" was prepared by Ray Anderson, who showed himself a chef of real ability.

It is reported that 175 men have indicated their desire to join the Richmond post.

An unique method will be invoked to give the post a name that will please and at the same time be appropriate.

The next meeting will be held on Thursday evening, February 23. Active spirits in arranging last night's meeting were Ben W. Spier, J. Fowler and V. J. Linkhart.

RED PEPPER FOR COLDS IN CHEST

Was your tight, aching chest? Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quick relief. It cannot hurt you and it certainly seems to ease the tightness and stir the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into cold, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through.

When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Howlett Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.—Ad.
